ALADÍN COVER® | RUBÍ Glass Pyrex Bell

10/0013
RUBÍ Bell with valve
Ø: 14 cm.
Box of 6 units

10/0015
RUBÍ Bell with valve
Ø: 18 cm.
Box of 6 units

It is the only series of bells with a valve, that allows the injection of smoke and aromas onto the plates or service containers without lifting it.

Thanks to its new silicone food valve with auto lock, wich allows the entrance of smoke, steam or aromas without allowing for these essence to escape.

Fill the bells faster and without smoke in the kitchen!

Our glass bells are hand made with extreme quality controls and perfect finishes with Pyrex® glass that is highly resistant to hits, high and low temperatures from the oven and to freezing.

WE ALSO HAVE
BELLS WITHOUT
VALVE

RUBÍ Bells
with valve

ALADÍN COVER® | RUBÍ Mini-Bell
